Chairman's Notes August 2017

There is a lot of discussion in Broughton Astley and on social media about progress on the new Community and Leisure Facility so I will update you and layout the challenge we face and I make no apology for the length of this.

At the moment there is outline planning permission to build a Community Leisure Facility on the land adjacent to Thomas Estley Community College. This is a key element of the Neighbourhood Plan which we all voted for on the 14th of January 2014. There is approximately £2.3m of developers contributions allocated to building the centre which will be released when a certain number of houses are occupied on the two main development sites. We have also gathered up reserves to support the project, knowing a sustainable facility which would meet the identified need of our community and importantly support the schools would be more than a simple "box" of a four court sports hall and would need more than £2.3m to build. The estimate, depending on which offer you look at is £3.3m to £3.8m

So everyone is clear this centre would be open to anyone on exactly the same basis as the other two centres in the District; ie, you turn up and pay on the day or you take out a membership to use the facilities. Our position is that it would be reasonable if it was funded in the same way as the two other leisure centres in the district ie, with support from the District Council.

We now have a number of bids from potential operators who, based on there being approximately £1.2m of "prudential borrowing" are prepared to design, build, operator and maintain the proposed Community and Leisure Facility for a period (a DBOM contract.)

Prudential borrowing is the term used for loans from the 'Public Works Loans Board' which public bodies like a council can raise funds at preferential long term rates. The repayment of that loan would be entirely within the contract with the operator so unless the whole enterprise were to fail, there would not be any funding from ratepayers.

At every stage we have kept Harborough District Council (HDC) informed of progress and provided copies of the both consultant's reports which we had commissioned to confirm this was a viable project. We even recommended the consultant HDC have now used for the HDC Leisure report; which we are still awaiting a copy of.

The challenge we are working on now is where to obtain that necessary £1.2m from. The Parish Council has approached the District Council who

after various conversations has now said that if we present the business case for the centre they would consider the case. That is not a commitment to support but a commitment to review.

At the same time they have encouraged the Parish Council to approach the Public Loans board to take out the loan itself so that no funding comes from HDC for the project. A route the Parish Council followed in the past for the development of the current Village Hall.

At a meeting on the evening 10th of July HDC Council received the minutes of the Executive Committee. Receiving means they are not for debate but that the Executive under it delegated authority have already decided to take this action.

HDC Executive has decided to carry out a consultation on leisure provision in the District and to pursue a preferred option of a DBOM contract to build a new Leisure Centre on the site of the current Market Harborough centre and make some refurbishments at the Lutterworth centre.

<http://www.harborough.gov.uk/consultation/info/57>

It attaches a figure of £15.1m to the build in Market Harborough despite the fact no consultation on what people want has been carried out to date. That project requires £15.1m of prudential borrowing which is projected to cost over £800,000 pa. I must emphasise there are no bidders yet, none of the figures are final and importantly there is no mention of how the prudential borrowing would be covered but to quote “borrowing costs could be reduced from the £15.1m.....and there by reduce the net operating subsidy) after capital costs) below that currently paid”

HDC have also released a draft strategy for the provision of Leisure <http://www.broughton-astley.gov.uk/uploads/hdc-physical-activity-strategy-2019-2029.pdf> and it is interesting not it what it says but what it does not say. It does not include any mention of the historic deficit of facilities in Broughton Astley, or how that might be addressed, nor does it cover how the proposed expansion east of Lutterworth might create even greater demand locally and how that would be addressed.

Despite there not being any formal debate allowed on the Executive decision, three of our District Councillors, Dann, Graves and Tomlin and Councillor Paige from Lutterworth, took the opportunity to make the point that there should be a “more fair allocation of funding for infrastructure projects across the District” rather than the vast majority of the HDC funding being allocated to Market Harborough. The Leader of the Council, Blake Pain, made the point that the proposals are about managing the District Councils assets. Sadly he did not mention anything about provision against residents’ needs.

The way forwards -

We will continue to follow every process diligently and work with the District Council and grant funding bodies for the provision of leisure on the same basis as for all residents of the District.

We will look for additional grant funding to reduce the gap to reduce borrowing costs and we will see if we can obtain a Public Works Loan Board loan ourselves.

We will continue to inform HDC of our needs and look to get this recognised in the District strategy.

We will try not to delay the build of the centre as it is vital to our schools, our children and our community that we actually delivery what was laid out in the Neighbourhood plan.

What we are worried about is that we do all this and then find that HDC does not fully cover the costs of a new facility in Market Harborough and residents of Broughton Astley end up paying council rates to fund a facility it is highly unlikely to use whilst no funds are made available for the Broughton facility.

I urge you to complete the consultation and although the wording of the questions does not make it easy, tell HDC you do want a facility in Broughton Astley irrespective of what happens in Market Harborough and Lutterworth.

Pilates Classes

(Broughton Astley Village Hall)

Pilates is an exercise programme that improves core stability by strengthening the back and abdominal muscles, improves posture and increases flexibility (Beginners very welcome)

Every Tuesday 9.30-10.30am
(Ongoing courses/pay as you go too)

PARISH ROUND-UP

Parish Manager Debbie Barber provides a brief overview of Parish Council news and current issues.

NEW INSTALLATIONS

Western Power Distribution is carrying out network reinforcement to the 11kV networks in Broughton Astley. They will be installing 2 new circuits to ensure the systems can accommodate the new building plans.

The works which began in May 2017 will last around eighteen weeks and will run from Cottage Lane, along Broughton Way to the junction of Coventry Road and the B4114 'Fosseway' up to their Primary Substation.

Western Power Distribution expects an increase in the number of vehicles and activity along the route and there will be temporary traffic lights at various points along the route during the works. They will, however, endeavour to keep disruption to a minimum and Leicestershire County Council has restricted certain works to junctions as weekend working only to help alleviate the disruption.

You may have also noticed that Virgin Media are currently laying cables to enable them to provide their facilities in the immediate future.

Baga Bill says:

August

Water your most at-risk plants during dry spells; salads, veg and fruit, containers, beds of annuals and any shrubs, trees or perennials planted this spring or summer.

Harvest soft fruit. The late fruiting raspberries will be cropping well by now. August is definitely the last month to prune stone fruit trees (plum, apricot, cherry and peach), complete the task as soon as possible.

If you are going on holiday ask a friend or family member to pick fruit and veg in return for watering containers!

September

In many ways this month can be regarded as the start of the new gardening year. Now is a good time to take stock of the successes and failures of this year and make plans to ensure that next year will be the best ever. Also, if you are starting out from scratch you will have plenty of time to prepare the ground.

Trim any box hedging before the first of the frosts arrives. Remember, "make the first cut after the last frost and the last cut before the first frost".

LOCAL PLANNING MATTERS

The Parish Council's Planning and Licensing Committee usually meets once a fortnight to consider its views on planning applications that have been submitted to the planning authority (Harborough District Council).

The Parish Council is formally consulted during the planning application process but any resident can express their personal views on-line via www.harborough.gov.uk/view-and-comment-on-planning-applications

Recent planning applications that have been submitted and approved by Harborough District Council are as follows:

- 47 Dunton Road - Erection of a first floor side extension and single storey front and rear extensions.
- 80 Warwick Road – Erection of single storey rear extension.
- Coventry Road – Part-discharge of condition 3 (floor levels) (plots 54-79 and 120-124) of 16/00370/FUL.
- Land of Crowfoot Way – Variation of conditions.
- 19 Peregrine Road – Erection of a two storey side extension.
- 28 Main Street – Outline application for the erection of a dwelling house with integral garage (all matters reserved).
- The Elms, Sutton Lane – Erection of proposed agricultural building.

BROUGHTON COMMUNITY BUS SHOPPING TRIPS

Your community bus is still very busy running trips to local supermarkets. This service is available to all residents for a modest £2-50 fare! Plus, we offer a door to door service which means you can bulk shop with ease! We pick up at 9-30 a.m. and return to Broughton around 1.00pm.

Although the shopping trips are well-used, there are often spare seats available. Contact one of the numbers below for availability.

The next few 2017 shopping dates are:-

Aug. 16th, Sept. 13th, (Asda at Fosse Park)

Aug. 2nd, Aug. 30th, Sept. 27th, (Morrisons / Waitrose at Lutterworth)

Aug.7th, Sept. 4th, Oct. 2nd, (Hinckley.)

Please contact Sue Quittenton on 282966 for Hinckley shopping, or Roger & Brenda Lyon on 283001 for Asda /Lutterworth shopping.

New drivers /committee members are needed – to keep these services running efficiently. Contact the number below if you think you can help.

Did you know your bus can be hired for trips out, regular or one-off events, etc. Please ring 282619 for details.

Summer Carnival 2017

We finally had some decent weather and it brought the crowds out in their droves. A fantastic day was had by all.

We had great food, great live music, our big procession and an entertaining tug-of-war plus all the fun of the Carnival all in the sun.

Obviously a big thank you to everyone who made it possible, and at the risk of missing folks off, here we go.

- To Julian Brindley for the loan of the trailers for the floats and sorting out the trucks for the procession. Steve Messenger for driving and sorting the stage truck. Jill Snape & David Wood who did the organising.
- All the parents and children on the floats. It was a fantastic show and appreciated by the huge crowds who lined the route.
- The Blood Bike guys who rode point for the procession All the 18 -20 people or so who marshalled traffic as I don't have everyone's' name so my apology for that. It is a very necessary job to get a procession that big safely around the village.
- The Scouts for putting up and taking down gazebos. Great job and once again at the heart of village life.
- The TECC premises officers Dave and Andy for sorting things out.
- All the guys who entered the Tug-of-War. That was hard work but won by the Young Tuggers.
- The Old Mill School Orchestra & Choir, Pirouette dance group and Helen Guy dancers who performed in the Village Hall which was organised once again by Gerald Brown
- Everyone on the bar led by Alan Rowe and Dave Attwell with Andy Riley and Jo Riley and especially Allan Emery and Sue Emery who come up from Bright on every year to help. To Baz at the Spar shop for sorting out the beer.
- The music team of Mike Curran, Paul Whiffin and Ken Larkins and all the bands. Great music in the sun- what can be better
- The BBQ team with Gerry Mallaghan, Rob and Jenny Croft, Martin Stevenson and Kerry, Greg Goddard. Joanna Willmott, Julie, Dave Budd and Margaret Bullock. And thanks to the Sutton Elms Baptist Church for the loan of the extra BBQ to deal with the volume.
- To Ringrose Butchers for supplying the meat. We got through a lot of burgers, sausages and pulled pork.
- Thank you to Sainsbuys who delivered the fresh bread rolls at 07:30 to the field for the BBQ. We have never had that before and it did justice to the fresh meat.
- Melissa Whiffen and Ben Riley on clearing and sorting and all those jobs that need doing through the day.
- Helen Bray, Christine Rowe, Sally Attwell and Sue Emery on book stall.
- Jessica Daly and Steve Daly for bringing the Austen Ruby and the modern A35. we are hoping to attract more vehicles next year.

- Andy Kirk, the man with the digger and Midland Rock for supplying the sand pit
- Julie Watson and Margaret Bullock for sorting out the programme once again.
- Finally to the support of our sponsors The Cooperative, Hinckley & Rugby Building Society, Seven Locks Housing Association, Midland Rock, Broughton Astley Parish Council and Thomas Estley Community College.

There are so many more who all did something to make it happen so a heartfelt thank- you.

We will try to do it all again next year but before then we will have the Party in the Park on the 27th of August and then the Christmas Fayre and Santa run on the 2nd and 3rd of December. Watch out for the real reindeer coming to visit with Santa.

We are always looking for new volunteers to keep this going so if you are interested look up the Facebook page and get in contact.

BROUGHTON ASTLEY GARDENERS ASSOCIATION

93rd ANNUAL SHOW

The Village Hall, Broughton Astley

Saturday 26th August 2017

Doors open to the public from 2.15pm

The Show will include classes in Homecrafts (cookery), Handicrafts, Fruit, Vegetables, Flowers, Floral Art, and a dedicated Children's Section

www.broughtonastleygardeners.co.uk

Auction of produce will take place at approximately 4.30pm with top quality produce at bargain prices for everyone.

Please come along, bring the family, and enjoy a traditional cream tea at one of Leicestershire's longest standing village events !!!

Any queries please contact Show Secretary Mr J Hurford 01455 202184

Want to know what's going on in Broughton Astley?
Visit the Parish Council's award winning website

www.broughton-astley.gov.uk

It has been very dry to date with some very changeable weather, temperatures and only short spells of rain. Despite this many species of flowers and insects have been appearing earlier than normal and there has been an ever increasing list of European visitors appearing in the UK for the first time. In addition some insects once rare are now commonplace in Leicestershire and Rutland. Take the Box Bug - *Gonocerus acuteangulatus* as an example. First seen in our counties in

2014, it is now regularly recorded on Naturespot and its host plant range seems to have expanded from just box, now taking in Hawthorne, buckthorn, yew and plum trees. Nature's changes tend to be slow and often invisible but then something like the box bug happens and from nothing, it seems to be everywhere.

Our hedgerows show that summer is well on the way with blackberries already starting to ripen, going from green to red then finally black and delicious. There are many insects, birds and mammals that feed on Blackberries, but these bushes are an important resource for many wildlife species in many aspects of their life. As well as providing food they provide a safe refuge for mammals, nesting sites for birds, moths and butterflies lay their eggs on the leaves and bees and insects love the flowers for nectar. Like ivy, blackberry bushes are an important resource throughout the year to sustain our wildlife.

Other berries are ripening too, Elderberries, hawthorn, sloes and rose hips. These all help build up this year's youngsters in readiness for coming winter and provide sustenance for many species through the winter months.

Talking to village elder statesmen, they often refer to the number of ponds that were around the village when they were young. They were seen as play areas to catch frogs and newts and watch the damsel and dragon flies and do all the things boys used to do back then. One of the positives about the new housing developments has been the creation of new "ponds" which act as water reservoirs in times of excessive rain to avoid flash flooding, These go a long way to replacing the old ponds

which have long ceased to be, and give the village additional aquatic habitat. We shall be keeping an eye on these sites to see how the wildlife adapts to the new environment.

One of our Naturespot regular recorders Craig Mabbett was looking for insects in a grassed area and spotted a very uncommon sight, a pink grasshopper! Although grasshoppers are usually green, brown or a combination of the two, this one was bright pink! We thought we might have something very special but our experts explained, that although this is uncommon, it is well established the pink insect owes its colour to a rare genetic mutation called erythrism - similar to albinism. The mutation can cause either the reduction of the grasshoppers' normal pigment as well as an increase in the production of a red pigment. This produces a bizarre pink colour that is extremely rare in the wild. Unfortunately, we were told few pink grasshoppers make it to adulthood as they are easily spotted by predators. It was a nice record though.

August rolls into September and spiders start to make their presence felt as morning mists reveal fields and gardens covered in gossamer webs hung with the dew. Young spiders can migrate through the air on gossamer threads, sometimes in large numbers, in a phenomenon known as ballooning. Some though just choose to come into your warm house to spend the winter out of the cold. Happy Holiday!

CHRISTIAN AID WEEK May 2017

A very big thank you to all who helped during Christian Aid week in delivering and collecting envelopes for the house to house collection. We are very pleased to say that this year we collected £2360 in Broughton Astley.

Christian Aid support humanitarian work across the world and have reached millions of people affected by disasters and those fleeing their homes because of war and conflict.

So thank you again on behalf of Christian Aid for helping to make a difference.

Hilda Nicholls, Hazel Tingle and Pam Mowbray

Dunton & Broughton United FC

The Committee would like to say a massive thank you to everyone involved with the club this season, in what has proved to be a fantastic 1st season for the club after the merger of Broughton Astley FC & Dunton & Broughton Rangers FC. The club now has 7 adult teams, from Veterans all the way down through the 14 Junior teams to the Under 5's, and we are committed to developing the local players, up through our structure to help them grow as footballers and people, by providing a safe, secure and fun environment for all.

This 1st season for all the sides after the merger has seen –
The First team finishing 5th in Division 1 after a slow start.
The Reserves winning Division 2 and reaching a cup semi final
The Development side also reaching a semi final
The Old Boys winning Division 1 of the Veterans League
The Sunday Dynamo side coming 3rd in Division 4 after being promoted
The U16's finishing 2nd in their Division
The U13's Tigers made it to the League Cup Final
The U10's made it to the Cup Final of a National Competition in Minehead.
The most rewarding thing for the committee is to see some of this year's U17's starting to make it into the Saturday adult teams; The main reason for the merger!

A big thank you to all the players, all the managers, all the hard work on the pitch by Ian, Andy, Tony & Phil, along with the hard work done by the Development team of Kate & Dave. Thanks also go to our very kind sponsors, and to Broughton Astley PC, Sapcote PC, and Thomas Estley for providing the pitches for us to play on. A heart felt thank you to all of you.

We are always looking for new players both young & old, so please get in touch by contacting the relevant Secretary below for more information.
or to come and join one of our training sessions, all newcomers are warmly welcomed. Check out

Wild Child Summer Programme

Wild Child is a physical activity programme for children aged 3– 6 years based in the outdoors environment, giving adults and children play ideas for home as well as having lots of fun!

**£2 per
child**

We will be having a different theme each week which we will be focusing on:-

Week 1– Balance / In & Out

Week 3– Nature Play

Week 2– Water Play

Week 4—Eyes

Week 5– Sports Day

Mini Movers will be running from the following venues

Welland Park Market Harborough

Folesworth Road Park

Meet in area near tennis courts

Broughton Astley

2:00-3:00 pm

09:30-10:30 am

Week 1– Monday 17th July

Week 1– Wednesday 19th July

Week 2– Monday 24th July

Week 2– Wednesday 26th July

Week 3– Monday 31st July

Week 3– Wednesday 2nd August

Week 4– Monday 7th August

Week 4– Wednesday 9th August

Week 5– Monday 14th August

Week 5– Wednesday 16th August

To book on to a session please visit the website-

www.harboroughsport.org.uk/wild-child or for more information

contact Ellis Stretton on 0116 272 7523 or email ellis.stretton@laby.gov.uk

St Mary's Broughton Astley

A building fit for 21st Century!

Over the last few years the Church Council of St Mary's has been looking at its beautiful ancient church and visualising how we can assure the future of St. Marys for future generations.

Some pews were taken from the back of the church a few years ago and a social space was created for tables and chairs for social events. The area carpeted and the font was moved.

2 years ago we had a new gas heating system put in and the noisy air blown heating removed! We also had a new lighting scheme in St Mary's to enhance the building and make it light and bright for worship and other events.

In the last few months bespoke solid oak cupboards have been installed in the back of church for storage and also the servery area was refurbished using oak, making it match the memorial oak doors and cupboards. It is looking splendid!

The next phase will be if faculty will allow us, to remove the pews on the north side of church making a much bigger space for various uses and a solid oak floor laid. Our toddler group is getting bigger and bigger and could do with more space! We are holding more social and fundraising events and to have a bigger open space for different services like our Messy Church, concerts, lunches, cream teas etc would be really useful. Perhaps other groups might like to use our space?! We already have baby yoga held in the church and we would be delighted to host other community groups that might want a place to meet?

The altar located in the side chapel will have a new frontal that will catch the eye and enhance the beauty of St Mary's, and in place of the pews there will be chairs with lovely blue coverings that will be much more comfortable than wooden pews! The pews in the south aisle will remain so that we have the best of both worlds! A flexible space on one side with comfortable chairs and on the other side the traditional aisle, pews and lovely screen.

All this takes time, hard work and of course, money! If you feel you would like to offer any time or perhaps skill and expertise or make a donation towards the future of our glorious parish church then please do contact us.

A public consultation will be held shortly, please look out for the date on the church boards and on our website or Facebook page if you would like to come and see the plans we have and talk to us! You would be most welcome!

Revd Sharon

01455 644779 or e mail sharonconstable@msn.com

FUTURE MESSY CHURCH SERVICES FOR FAMILIES

2nd Sundays from 9.45-10.45am

Sunday August 13th - A seaside theme!! Not going away? Come and join us with lots of sand, candy floss and much more!

Sunday 10th September - Bread, tasting tables, and lots of other yummy things to make and taste!

Something for every age and coffee, cake and juice on tap through the morning! Not been before? Come and give it a try!

Pupils from **Thomas Estley Community College** are planting a variety of shrubs and flowers on behalf of the Broughton Astley Parish Council.

The plants were kindly donated by **Charlie Browns Garden Centre**

Upcoming Events

**7th-11th August
Fun Week**

(Primary school age kids) Make sure you have booked your place.

**18th/19th August
Dads and kids camping night**
Camping, crafts, games and campfire cooking exclusively for Dads and their kids.

**21st August, 8pm
MundiLite@TheBull**

A night of live music and entertainment. Free drink on arrival and free nibbles throughout the night.

**9th September, 11am
The Shoot**

A family shoot event with archery, bb guns, air rifles, shotguns and BBQ. (£15 per person including 20 shotgun rounds) 8-12yrs free. No under 8's allowed.

www.suttonelms.co.uk

What a fabulous time the Carnival was! With your support at our Fairtrade Café we raised £545 which will go to Riding for the Disabled and Action Homeless in Leicester.

We have some great events lined up for you over the next few months. The 21st of August is our next MundiLite@TheBull featuring live music and entertainment, a free drink on arrival and free nibbles throughout the night. A great way to spend a warm summer night out!

If you are in need of some target practice then The Shoot is for you. It's a free event (£15 charge applies if you want 20 shotgun shots) and even includes a BBQ for lunch. For more information please contact our office on 01455 283874, office@suttonelms.co.uk, or come a join us on a Sunday morning at 10.30am!

BROUGHTON ASTLEY WI

We learnt the reality of Crime Scenes Investigations from Paul Taberner, who had worked for the Warwickshire Police as a CSI officer. He explained that on arrival at a crime scene the CSI leader would meet with the police detective in charge while his investigators collected evidence. Everything would be photographed and video'd, put into a computer system called HOLMES and then plans made to investigate the crime. Whiteboards are not used to display the information as you see on television! He told us interesting stories of clever criminals and amusing ones of the less clever sort. It was interesting to note that, with the advent of DNA profiling, criminals are being caught many years after committing a crime.

On Carnival day we served refreshments in the village hall and this year also had a stall on the school field selling our delicious home made cakes to take home, which we hope you all enjoyed! We also displayed information about the NFWI in general and about Broughton Astley WI in particular, but if you would like more information contact Fran Marsland on 01455 282118.
