

1st World War Centenary

In order to mark 100 years since the start of the 1st World War the Broughton Astley Parish Council are offering residents the opportunity to sponsor a vibrant lamppost poppy; similar to the ones displayed last year around the village. You may wish to do this in the name of family or friends that were affected by the events of that War, or simply take part in the village commemorations.

The sponsorship of the poppies is £5.00 (minimum) each and all of donations received will be passed onto the Royal British Legion Poppy Appeal.
